Report of World Down Syndrome Day

World Down Syndrome Day was observed on 21st March 2026 by the National College of Pharmacy, Mukkam. The programme was organized by IQAC, NSS, and the Department of Pharmaceutical Analysis with the aim of creating awareness and promoting inclusivity for individuals with Down syndrome.

As part of the programme, a visit was organized to **Sanjoe Prathiksha Bhavan School on 24th March 2026**. The theme of this year's observance, "Together Against Loneliness," highlighted the importance of social inclusion and emotional support for individuals with Down syndrome.

During the visit, students actively interacted with the children, engaging them in various funny games, dancing, singing with those children and engaged with colour painting and meaningful activities. The programme helped in building a sense of companionship and understanding among the participants. Students also gained valuable insights into the lives, challenges, and strengths of children with special needs.

The visit was a heart-warming experience for all participants, fostering empathy, compassion, and social responsibility. It also emphasized the importance of creating a supportive and inclusive environment in society.

The programme concluded successfully with positive feedback from both the students and the institution visited.
