

World Blood Donation Day 2025

In observance of World Blood Donation Day (June 14), the NSS Unit of our college conducted a blood donation camp on June 13, 2025, in collaboration with **MVR Cancer Centre and Research Institute**. The camp took place at the MVR facility, where several NSS volunteers and staff members actively participated and donated blood, contributing to this life-saving cause. In addition to the camp, students created a Blood Donation Awareness Wall on the college campus to spread the message about the importance of voluntary blood donation and to inspire others to join the movement. The initiative successfully promoted social responsibility and health awareness among students and staff.
