ORCHARD

The college took up the mission of planting various fruit trees in a small scale. Orchards offer a space to learn from each other and nature, and a place in which training of traditional skills can occur, such as pruning and grafting. And a place for celebration of diversity, nourishing fruit and the trees that provide it. Various fruit trees were planted in the college premises. This helped the students to know more variety of trees and also gave an awareness on how each plants were planted and gave the real time experience of plantation. And it also gave a feeling of ownership and enthusiasm and the students were very much keen in nurturing and nursing the plants
